**Notice Concerning Revisions to Business Results Forecasts  
for the Full Fiscal Year Ended May 31, 2009**

Taking into consideration recent performance trends, Pasona Group Inc. (hereafter “Pasona Group” or “the Company”) today announced revisions to its business results forecasts for the full fiscal year ended May 31, 2009 previously disclosed on April 10, 2009. Brief details are as follows.

**1. Revisions to Consolidated Business Results for the Full Fiscal Year Ended May 31, 2009  
(June 1, 2008 to May 31, 2009)**

(Millions of yen unless otherwise stated)

	Net Sales	Operating Income	Ordinary Income	Net Income	Net Income per Share (Yen)
Previous Forecast (A)	218,540	2,590	3,000	190	507.08
Revised Forecast (B)	218,690	2,850	3,360	310	827.33
Net Change (B – A)	150	260	360	120	—
Net Change (%)	0.1	10.0	12.0	63.2	—
(Reference) FY Ended May 31, 2008	236,945	6,444	6,637	2,962	7,109.95

**2. Rationale**

Net sales have essentially progressed in line with forecasts and plans for the fiscal year ended May 31, 2009. From a profit perspective, earnings at each of the operating, ordinary and net income levels have exceeded forecasts and plans due to successful Group-wide efforts to further reduce costs.

While the Pasona Group has continued to maintain a retirement benefit system for its directors and corporate auditors, the Company and certain of its subsidiary companies have decided to terminate and abandon their respective systems from the fiscal year under review. In accordance with this decision, and with the consent of the affected directors and corporate auditors currently in office, payments relating to the termination of relevant retirement benefit systems will not be made. While projections indicate that the Pasona Group will record subsequent gains on reversal of provision for directors’ retirement benefits totaling ¥673 million on a consolidated and ¥56 million on a non-consolidated basis as extraordinary income, these amounts and details have already been factored into the Company’s previous and this current revision to business results forecasts for the fiscal year ended May 31, 2009.

Disclaimer: The aforementioned forecasts of business results are based on information available to management as of the date of this press release. As a result, information included in this document involves risks and uncertainties that may cause actual results to differ materially from forecasts due to a variety of factors.
